Vets2PM[®]

Vets2PM helps transitioning service members and veterans achieve meaningful, lucrative post-service professional careers, which: strengthens national security (reduced DoD annual unemployment benefits spend and veteran suicides) and the Nation's workforce (proven leadership and capabilities); aids commanders with readiness and retention (increased mission throughput and civilian-credentialed personnel); and contributes tens of millions to our national economy annually.

Eric "Doc" Wright, PhD, PMP, ACP

Military Veteran | Founder

WHO WE ARE

- Since our founding 1 January 2015, we have **placed 866** cleared, experienced, credentialed **veterans** into **628 companies**, all with **average starting annual salaries of \$95K**, creating **\$82 M in economic activity for our great Nation!**
- Proven the capability to help companies transform their Veteran Hiring Initiatives from slogans into impactful programs; ourselves receiving a DoL HIRE Vets Gold Award in 2019.
- We use cutting edge virtual, social, and technological tools to provide a full spectrum of professional development and consulting capabilities in Project, Human Resources, Information Technology (Cyber), and General Management.
- We also employ a proprietary 4-step process that consistently produces high-quality, fully experienced, low-risk, low-cost hires for all lengths of engagements to include permanent placement and internal training for a myriad of industries.
- Use the People as a Service concept (PaaS) to supply robust Project, Human Resource, and IT Management services to all levels of government, private, and non-profit sectors.
- All instructors and consultants are credentialed, experienced Military Veteran Professionals.
- We **have exam pass rates of 94% first-time and 100% retakes.**
- Meaningful, lucrative post-service employment reduces individual and family stress.

WHAT WE DO

- Full Professional Development Lifecycle program including:
 - ✓ Translating military leadership experience into target profession experience to qualify aspirants to complete high-demand professional credentials.
 - ✓ Provide intensive, live instructor lead 40-90-hour boot camp courses focused on preparing aspirants to both pass their target professional credential exams and apply the associated Bodies of Knowledge (BoKs).
 - ✓ Provide resume, interview skills, LinkedIn profile make-overs, and lifetime career preparation and placement services.
 - ✓ Lifetime mentorship by career professionals in a myriad of industries.
 - ✓ Curriculum approved by higher-education partners, PMI, ICPM, ICC, and Air Force and Army CA COOLs.
 - ✓ Global reach, even during COVID-19 lock-down.
 - ✓ Agile curriculum development and training programs to meet individual customer training needs.
